"ABTT provided the perfect solution for Eastland's phone intensive office environment. The IPitomy VoIP System simplified phone answering, call handling, added to office efficiency, and provided low cost phone service in one integrated system package."

IPitomy VoIP Phone System - Key Features and Functionality Utilized:

- Full Featured IPitomy IP620 Color Display VoIP POE phones for all office extensions
- IPitomy 20 Trunk, 10 Line, 5,000 minute Long Distance phone service for \$75 per month
- Hartford, Massachusetts, Rhode Island, New Hampshire, New Jersey and Maine numbers
- Dedicated phone line for Attorney's extension and full VMAIL coverage when unavailable
- All phones connect to office LAN network, with PC's connected to the phones for convenience
- Full Automated Attendant Message with Direct Dial to extension desired
- Voice Mail Boxes to Email, and remote access to messages provided
- Direct Parking of calls on all phones for simplified call pickup

By upgrading from inadequate Ooma VoIP Phone System.. Eastland enhanced their communications capabilities!

American Business Telephone and Technologies, LLC installed, programmed, and trained the Eastland staff in using their IPitomy 1200 pure VoIP phone system so they can provide their customers with "Breathlessly, Insanely, FAST Title Search Services"!
